DREAM TEAM ELITE LLC

PLAYER–PARENT PARTICIPATION AGREEMENT, WAIVER & PAYMENT AUTHORIZATION

Winter 2026–2027 | Training & Competitive Play | dtefrisco.com
Program contact: dtefrisco.com@gmail.com • 469-535-0309

IMPORTANT: READ BEFORE ACCEPTING ELECTRONICALLY

This Agreement is between Dream Team Elite LLC ("DTE") and the parent/legal guardian ("Parent") identified in DTE's online registration on behalf of the minor athlete ("Player"). It covers training, games, registration, recurring tuition, conduct, safety and media. All 18 numbered sections form one agreement. Parent accepts electronically by checking the required agreement box and submitting the registration, as provided in Section IV. No handwritten signature or section initials are required. Parent confirms authority to enroll the Player and agrees to provide accurate contact and emergency information. Non-waivable legal rights remain protected.

SECTION I — PROGRAM TERMS AND ACKNOWLEDGMENTS

1. VOLUNTARY PARTICIPATION; INHERENT RISKS; LIMITED RELEASE

Basketball, competitive games, running, strength and conditioning, travel within facilities, use of equipment, and interaction with other participants involve foreseeable and unforeseen hazards. Examples include falls, collisions, muscle strains, sprains, fractures, dental injuries, head injuries, concussion, dehydration, and other serious harm. Parent knowingly permits Player to participate despite these inherent risks and agrees to instruct Player to follow safety directions and promptly report injury, pain or illness. To the extent allowed under applicable Texas law, Parent releases DTE and its personnel from Parent's own legally releasable claims for ordinary negligence arising from participation; this provision does not purport to extinguish Player's independent legal claims or release gross negligence, recklessness, intentional wrongdoing, or any liability that law prohibits waiving. Parent understands that a signature is not a guarantee of immunity for DTE.

2. HEALTH DISCLOSURE; INJURIES; EMERGENCY AUTHORIZATION

Parent represents that relevant medical restrictions, asthma/allergies, medications requiring staff awareness, prior concussions, disabilities and emergency contacts have been accurately provided and updated when material changes occur. DTE coaches are not healthcare providers and may withhold participation if Player exhibits concerning symptoms or appears unsafe to train. Parent will not send Player to participate when sick, injured, medically restricted or unfit for activity. If Parent cannot promptly be reached in an apparent emergency, Parent authorizes DTE to request emergency services and reasonable medical assistance; treatment decisions remain with qualified personnel and authorized decision makers. Parent is responsible for medical, transport and insurance charges as allowed by law. Suspected concussion requires immediate removal from activity and return only after appropriate medical clearance consistent with applicable requirements and medical guidance.

3. THREE-MONTH MEMBERSHIP; COACHING TUITION

STANDARD TUITION. One athlete: $215 per month, totaling $645 for a minimum three-month commitment. Two eligible siblings on one combined family plan: $375 per month TOTAL, totaling $1,125 for a minimum three-month commitment (not $375 per child). The former $60 registration/administrative charge is INCLUDED in these rates and is not charged separately. League registration, tournaments, travel, admission, disclosed third-party charges, and documented replacement of loaned equipment may be additional. An individualized rate is valid only when confirmed by DTE in writing. DTE will notify a family before changing its rate for a future term and obtain any consent required by law.

MEMBERSHIP OBLIGATION. Once a Parent affirmatively elects paid enrollment and authorizes recurring charges, the Parent accepts a minimum of three consecutive months of membership and the corresponding scheduled monthly payments, subject to any legally required cancellation rights and the express terms below. Membership reserves coaching access, staffing, administration, organized practice opportunities and an eligible roster opportunity; no number of individual game minutes, games or personally attended practices is guaranteed. A Player attending only an authorized no-cost trial is not a paid member. If one sibling stops participating, any change from the family price will be disclosed before the next applicable term.

TRIAL DAYS AND TERM START. The seven-day free trial begins with the Player's first attended DTE practice. A Parent who declines paid enrollment owes $0 for that trial. If the Parent affirmatively enrolls after the trial, the

initial membership coverage period is measured from the FIRST ATTENDED TRIAL PRACTICE; the trial week counts within the first month and the initial three-month period and is not added afterward as extra free time. No payment may be charged or subscription activated without separate affirmative paid-enrollment and payment authorization. Any eligible mid-month tuition adjustment is governed by Section 5. DTE will confirm the relevant dates and charges in the written enrollment record.

MID-SEASON START; THREE-MONTH MINIMUM; NEXT-SEASON ROLLOVER. Enrollment on any day of a season creates the same minimum commitment to three consecutive months, measured as stated above. DTE seasons are separate published periods, normally three months each. If a new DTE season begins while a paid membership remains active and DTE has given the family written notice of that season's start date, end date, price and cancellation deadline, membership continues into that season unless DTE receives timely written notice electing not to renew before the new season starts. Continued enrollment for that new season commits the Parent through its published end date, EVEN IF that end date is later than the original three-month minimum. A written cancellation submitted before the new season begins prevents that additional season commitment, but does not cancel valid remaining charges for the original minimum term. Months or days covered by overlapping commitments are counted once and NEVER billed twice for the same DTE coaching membership. The controlling dates, charge schedule and season transition must be identified in the enrollment confirmation. Any required statutory cancellation rights take precedence. DTE may, but is not required to, approve an early release from an already committed term under Section 4.

4. RECURRING SUBSCRIPTION; PAYMENT AUTHORIZATION; WRITTEN CANCELLATION

EXPRESS CHARGING AUTHORIZATION. A free trial does not authorize any charge. DTE may charge coaching tuition only after Parent selects a paid plan, reviews its billing terms, separately checks the recurring-payment consent, and submits paid enrollment online. The selected rate is $215 monthly for one athlete or $375 monthly total for two eligible siblings, with the first charge and future billing dates disclosed before authorization (ordinarily the 1st). The initial term requires three consecutive payments, subject to the stated cancellation and refund terms and applicable law. No additional $60 administrative fee applies. Any mandatory processing or late fee will be disclosed before authorization. DTE will furnish a retainable copy of the agreement and billing confirmation.

NOTICE; CANCELLATION; EARLY RELEASE. To stop enrollment from renewing into an upcoming three-month term or the next published DTE season, Parent must provide written cancellation notice before that term/season begins at dtefrisco.com@gmail.com, by written delivery to an authorized DTE representative, or through any additional legally required or payment-platform cancellation method. DTE will acknowledge the notice and confirm the effective date and remaining lawful balance. Timely cancellation stops future commitments but does not excuse properly owed payments for a commitment already in effect, except where law provides otherwise. A Parent may request release before the end of a committed term; DTE may approve or decline such an OPTIONAL EARLY RELEASE in its sole business discretion, after reviewing the circumstances, and will communicate any approved date or accommodation in writing. DTE does not have discretion to deny a cancellation or refund mandated by law. No undisclosed cancellation penalty will apply, and DTE will not create additional recurring terms after a cancellation timely given under this paragraph.

5. NO-COST TRIAL; MID-SEASON PRORATION; REFUNDS AND CREDITS

FREE SEVEN-DAY TRAINING TRIAL. Eligible prospective Players may attend approved DTE training for seven consecutive calendar days at NO CHARGE, beginning with their first attended practice. No tuition, administrative fee or payment method is required for the trial. Parent must nevertheless complete the required trial registration, emergency contact information and participation/safety authorizations before training. Trial participation does not confer eligibility to play official league games and does not pay separate league registration fees. The trial expires automatically; there is NO automatic paid conversion.

CHOOSING TO JOIN. If Parent decides to continue, Parent must affirmatively select a tuition plan, complete enrollment and payment authorization, and make the first required payment. Unless and until these steps occur, no coaching tuition is owed for the trial. When paid enrollment is accepted, the trial days count toward initial membership time as set forth in Section 3; they are not added as an extra week after the term.

MID-MONTH PRORATION / PRACTICE-BASED ADJUSTMENT. For a Player who begins the membership in the middle of a calendar month, DTE will review the number of organized practice opportunities scheduled for that Player's applicable group during the entire month and the number made available to that Player on or after the Player's first attended trial practice or approved membership start date. DTE will provide a mid-month adjustment to account for a partial month of practice availability. DTE determines the adjustment amount and whether it is delivered as (a) a

refund to the original payment method or (b) a tuition credit/coupon code applied to a future DTE coaching charge, in DTE's good-faith business discretion, taking into account the group's actual practice schedule, first attendance, trial participation and other disclosed enrollment circumstances. No fixed per-practice dollar amount or automatic 50% discount is promised. DTE will communicate the amount, method and any reasonable conditions of a credit in writing; no credit may be substituted for a cash refund when the law requires a refund. The adjustment does not reduce the minimum three-consecutive-month commitment or waive an accepted next-season term unless DTE expressly agrees in writing.

OTHER REFUNDS AND NONATTENDANCE. Apart from the mid-month adjustment described above, a legally required remedy, or a written accommodation approved by DTE, paid membership charges for a valid committed term are ordinarily nonrefundable. Missed practices, travel, conflicting activities, disclosed holidays, missed games, dissatisfaction with coaching decisions or other voluntary nonattendance ordinarily do not create additional credits or refunds. Separately charged league and tournament registration fees are subject to the relevant organizer's applicable terms and mandatory law. DTE will investigate and correct verified payment errors and honor any refund or termination right provided by applicable law, regardless of any discretionary program policy.

6. BILLING ACCURACY; DISPUTES; FAMILY COMMUNICATION

Parent shall maintain accurate contact and billing information, review invoices and bring possible mistakes, duplicate charges, promised credits or other discrepancies to DTE promptly at dtefrisco.com@gmail.com. DTE will conduct a good-faith internal review and correct substantiated errors. DTE's internal decision about voluntary accommodations does not override rights to contest unauthorized charges, request statutory remedies, dispute billing errors with a bank or card issuer, or seek independent review. Neither side shall knowingly submit false claims or documentation. Written DTE-confirmed adjustments and credits form part of the family's enrollment record; undocumented sideline discussions do not amend the agreement.

7. FAILED PAYMENTS; OUTSTANDING BALANCES; PARTICIPATION STATUS

Parent is responsible for maintaining valid payment information and promptly resolving declined or overdue charges. DTE may notify Parent and request correction or an alternative payment method. A $25 late/declined-payment fee MAY apply when disclosed at checkout or in the applicable payment authorization and permitted by law; DTE will correct any substantiated duplicate or erroneous charge. While an account remains unresolved, DTE may suspend the Player from practice or official games consistent with league rules and applicable law. Temporary suspension does not itself cancel an existing membership or waive valid amounts due. DTE may terminate enrollment for repeated material nonpayment after reasonable written notice, subject to applicable law.

8. LEAGUE & TOURNAMENT REGISTRATION; ROSTERS; ELIGIBILITY

SEPARATE ORGANIZATIONS AND FEES. Dream Team Elite (DTE) coaching membership is separate from FieldhouseUSA and from any other league, tournament organizer or competition provider. League registration fees are NOT included in DTE coaching tuition. FieldhouseUSA sets its own registration price, which may change each season; this Agreement does not promise a fixed FieldhouseUSA rate. Any applicable league, tournament, processing or other required participation charge will be disclosed to the family before registration or payment, along with the provider and applicable deadlines. Fees collected by a third party are subject to that provider's disclosed terms and applicable law.

MANDATORY GAME REGISTRATION. If DTE places the Player on a FieldhouseUSA league roster, completion of the required FieldhouseUSA registration and payment of the then-current FieldhouseUSA league fee are MANDATORY for eligibility to participate in official FieldhouseUSA league games. This separate fee covers league game registration/participation under FieldhouseUSA's rules; it does not replace or reduce DTE coaching tuition. A Player may not participate in a league game unless the relevant organizer accepts the registration and the Player satisfies all roster and eligibility requirements. A training-only participant who is not registering for league games is not required to pay a FieldhouseUSA game-registration fee merely to attend DTE training.

DTE COMPETITION SELECTION. DTE reserves the right, in its coaching and organizational discretion, to register teams for games, league seasons, scrimmages or tournaments operated by FieldhouseUSA OR OTHER ORGANIZERS and to change competition providers, game venues or events when reasonably appropriate. Participation in another organizer's official games likewise requires any mandatory registration, payment and eligibility requirements of that specific event. Tournament and alternative-league fees are separate unless DTE expressly includes them in writing. DTE will communicate the selected competition, fee and registration instructions before the applicable deadline. Parents remain responsible for timely completion of required forms and payments. Roster placement is subject to eligibility, league rules, team capacity and DTE coaching decisions.

9. PRACTICE JERSEYS; GAME JERSEYS; DTE PROPERTY

A practice jersey and official game jersey are included with DTE participation at no additional DTE jersey charge. Both remain the sole property of Dream Team Elite, are loaned for authorized Program use and are not purchased by the family. Parent and Player must keep them reasonably clean and in usable condition, use the assigned color or uniform on instruction, and return issued pieces upon seasonal collection, departure or reasonable written request. Ordinary wear from appropriate use is expected. A $60 replacement charge may apply to a jersey that is lost, not returned after reasonable notice, or materially damaged beyond ordinary wear; DTE will describe the item and basis for any charge. League registration and monthly coaching fees remain separately payable.

10. ATTENDANCE; GAME PREPARATION; EQUIPMENT; PLAYING TIME

DTE offers multiple organized training opportunities each week as provided on the official season schedule, subject to facilities, game calendars and communicated adjustments. Parents must review the official DTE website/calendar; courtesy emails and group messages are not the sole authoritative scheduling source. Player should arrive ready for training and at least 15 minutes before games, and Parent should communicate absences as soon as reasonably possible (ideally at least three hours before a game). Required apparel includes basketball shoes, assigned DTE game uniform and other reasonably specified equipment. Jewelry, watches and loose accessories must be removed for safety. Attendance and preparedness may inform coaching decisions. No Player is promised a minimum number of game minutes, a starting role, position, specific teammate or grade-up placement.

11. GUARANTEED TRAINING HOURS; FLEXIBILITY OF SCHEDULE

For each three-month DTE membership season, DTE guarantees that the Program will OFFER A MINIMUM OF 40 HOURS of organized basketball training to the applicable enrolled group, calculated from scheduled and delivered coaching sessions, not each child's personal attendance. DTE intends to provide more than 40 hours when staffing, weather and gym access allow, but extra hours are not guaranteed. Workouts may involve skill development, ball handling, shooting, footwork, passing, defense, basketball IQ, team concepts and game situations. Venue and schedule may reasonably change because of game conflicts, league adjustments, holidays, weather, court closure, emergencies or safety needs. DTE will communicate changes through its normal calendars/channels and, if a cancellation would bring the promised season below 40 offered hours, will schedule reasonable replacement training to satisfy the minimum, absent a legal or safety impossibility. Official games are not automatically counted as training hours unless clearly identified as supervised instructional training.

12. PLAYER COMMITMENT; DISCIPLINE; SPORTSMANSHIP

The Program maintains a demanding developmental environment. Player is expected to try consistently, follow instructions, cooperate with teammates, avoid bullying, refrain from profanity directed at others, show good sportsmanship, protect facilities and treat opponents, officials, staff and volunteers respectfully. Reasonable corrective responses may include a verbal reminder, modified drill, monitored conditioning under Section 17, temporary removal from a drill, parent discussion, suspension or termination after staff review when justified. No disciplinary response permits abuse or denial of basic safety needs. Threats, violence, harassment, serious misconduct, or behavior presenting immediate danger may justify immediate removal from the activity while the matter is investigated.

13. PARENT / GUARDIAN RESPONSIBILITIES; COMMUNICATION

Parent agrees to support punctual attendance, transportation, safe pickup, accurate emergency contacts and respectful communication. A Parent must not intimidate, insult or confront a Player, official, opponent, volunteer or coach, interfere with instruction, or attempt to direct the team during active games. Coaching concerns should be raised privately with DTE personnel. DTE will receive and review reports of inappropriate conduct, including staff errors. Repeated material misconduct by a Parent may lead to attendance restrictions or Player enrollment review, with any financial consequences governed by the express payment terms and applicable law. DTE does not assume general custodial responsibility outside announced supervision and pickup arrangements.

14. TEAM ASSIGNMENTS; ROSTER MANAGEMENT; COACHING DISCRETION

DTE may assess and reassign players among suitable skill/grade groups and manage lineups, substitutions, defensive assignments, practice groups and competitive development based on age/grade eligibility, team balance, safety, performance, effort, attendance and coaching judgment. Descriptive roster labels such as Red and White identify league teams; families must use the assigned invitation code even if a coach explains that colors do not measure an individual child's worth or development. Parents acknowledge that a player may practice with one

group and compete on a different properly registered roster only when allowed by league rules. DTE does not guarantee tournament wins, scholarships, individual statistical outcomes, playing minutes or long-term team placement.

15. FACILITIES; LEAGUE RULES; VOLUNTEER OBLIGATIONS; CANCELLATIONS

Parent and Player agree to comply with rules of any applicable league or tournament organizer, FieldhouseUSA when used, and other host facilities, as well as coach directions, venue access limits and league sportsmanship requirements. Families may be asked to provide score-table or other league-required volunteers; a game may be delayed or unable to start if the required role is unfilled. Opponent forfeits, officials, gym restrictions, weather, transportation, facility decisions or league rescheduling are not fully under DTE's control. DTE may arrange scrimmage, replacement instruction or modified activity when feasible, while maintaining the training-hours undertaking in Section 11. Parents are responsible for checking the current calendar before departing for an event.

16. PLAYER WELFARE; INJURY REPORTING; RETURN TO ACTIVITY

Player should immediately tell a coach about pain, dizziness, breathing difficulty, suspected concussion, injury, distress or an unsafe drill. Coaches may stop an activity or require clearance before Player resumes. Parent agrees not to conceal restrictions or pressure a coach to allow unsafe participation. Hydration, reasonable rest and access to emergency assistance are part of training safety; neither conditioning nor a behavioral consequence may override these needs. DTE will use age-appropriate expectations and respond to medical accommodations reasonably communicated by Parent. Where applicable, a licensed healthcare professional's return-to-play directions take priority over team scheduling.

17. HIGH-INTENSITY COACHING; PHYSICAL CONDITIONING; RESPECTFUL STAFF

DTE uses structured, demanding instruction intended to teach resilience, accountability, effort and decision-making under basketball pressure. Coaches may raise their voices to provide clear instruction in a loud gym or during urgent gameplay, but may not insult a child's identity, threaten, bully, deliberately humiliate, or use degrading language. Coaches are human and may make mistakes; Parent may report concerning conduct to Program leadership for prompt review and corrective response. Player may be assigned supervised, age-appropriate basketball conditioning, including running, wall-sits, defensive slides or push-ups, as a training or corrective consequence for conduct or effort, with attention to age, ability, medical disclosures and safe form. This is NOT permission for corporal punishment, forced exertion through pain, dangerous repetition, retaliation, contact-based discipline, withholding water/rest, or denial of medical care. Staff must stop or adapt a drill when safety requires. Parent acknowledges the Program's demanding coaching style without consenting to abuse or unlawful conduct.

18. MEDIA; PHOTOGRAPHY AND VIDEO

During DTE practices, games, tournaments and related activities, DTE may take photographs and make audio or video recordings of the Player. By electronically accepting this Agreement, Parent authorizes DTE to use the Player's image, voice, first name, team identification and athletic footage in team communications, game highlights, DTE's website, official social-media accounts and other lawful program-related media without additional compensation or approval for each use. DTE will not knowingly disclose sensitive medical information or intentionally use the Player's likeness in a false, degrading or misleading manner. Parent may request a restriction on FUTURE public use by writing to dtefrisco.com@gmail.com, and DTE will make reasonable efforts to honor the request; material already distributed or independently published by a league, venue, photographer or third party may not be fully removable. This clause remains subject to applicable law and does not authorize otherwise prohibited uses.

SECTION II — ONLINE ENROLLMENT AND PAYMENT AUTHORIZATION

PAID MEMBERSHIP PLAN (SELECTED IN THE ONLINE FORM):

ONE ATHLETE — $215 per month; $645 per three-month term.

TWO ELIGIBLE SIBLINGS, COMBINED — $375 per month total; $1,125 per three-month term.

The former $60 administrative fee is included. A plan must be actively selected during online paid enrollment; viewing these terms does not authorize a charge. Section 5 governs mid-month adjustments.

ONLINE ENROLLMENT / BILLING SUMMARY (DISPLAYED BEFORE FIRST PAID CHARGE):

Before checkout, DTE will display and record the Player's trial and paid-enrollment dates, the selected rate and billing schedule, the initial three-month period, and any applicable season rollover, nonrenewal deadline and mid-month adjustment. The Parent receives an electronic confirmation.

SEPARATE RECURRING PAYMENT CONSENT — REQUIRED ONLINE CHECKBOX FOR PAID ENROLLMENT

The paid checkout requires a separate, initially unchecked box stating: "I authorize Dream Team Elite LLC or its disclosed processor to charge the membership plan and monthly amount shown in my checkout, including the initial three-month commitment and any properly renewed term under Sections 3–4. I understand that separate league or tournament fees may apply, and my cancellation and refund rights under applicable law remain in effect." DTE will retain this affirmative consent. A free trial never activates recurring charges.

SECTION III — GENERAL LEGAL TERMS

Entire agreement; previous contracts. This Agreement, the electronic enrollment record and confirmation, any individually accepted written addendum, and applicable league/facility rules state the parties' understanding. An earlier agreement is not retroactively replaced unless the affected family affirmatively accepts this revision or a lawful written amendment. An expressly accepted individual fee or term provision controls over a conflicting general clause only on the matter it specifically addresses. No informal conversation changes the authorized recurring-payment plan.

Texas law; mandatory rights; severability. Texas law governs to the extent applicable. Nothing here limits a consumer's right to cancel, receive a refund, challenge an unauthorized charge or pursue a remedy when required by applicable law, including, if applicable, the Texas Health Spa Act or other mandatory consumer-protection laws. If a specific statute applies to this membership and requires additional notices, cancellation steps, a written address, a different refund method or a separate contract form, DTE must comply with that statute and its mandatory requirements control over inconsistent language here. An unlawful or unenforceable clause will be limited or severed only as necessary, and the remainder will continue to the extent permitted by law.

Electronic acceptance and records. Parent accepts this Agreement through the affirmative online actions described in Section IV. DTE retains the accepted document version, Parent identity, date/time, selected plan and any separate recurring-payment authorization. DTE makes a copy available for download or printing and by request to dtefrisco.com@gmail.com. Additional legally required electronic-record disclosures and consent procedures will be provided when applicable. Electronic acceptance does not waive statutory rights.

SECTION IV — ONLINE REGISTRATION AND ELECTRONIC ACCEPTANCE

ONLINE REGISTRATION INFORMATION. The website collects the Player's name and grade, Parent's name and contact information, emergency contact, and relevant health disclosures. This information is stored electronically, not handwritten in this document.

REQUIRED ONLINE ACCEPTANCE (UNCHECKED BY DEFAULT). Parent must check: "I am the Player's parent/legal guardian. I have reviewed and agree to the Dream Team Elite LLC Player–Parent Participation Agreement, Waiver & Payment Authorization, including its safety, conduct, media and membership terms. I consent to electronic registration and intend this checkbox and my submission as my electronic signature."

ELECTRONIC SIGNATURE. Checking the agreement box and then clicking "Submit Registration" or "Complete Enrollment" is the affirmative acceptance event when attributable to Parent. Merely viewing or downloading these terms does not constitute acceptance. No handwritten signature or date is required.

PAID MEMBERSHIP CONSENT. Paid enrollment separately requires choosing a plan, reviewing charges, and checking the recurring-payment authorization in Section II. Free-trial registration alone never authorizes a charge.

ACCEPTANCE RECORD AND COPIES. DTE retains Parent identity, the agreement version, acceptance time, affirmative checkboxes and any authorized recurring plan. Parent may download, save or print the agreement, receive a confirmation, request a free paper copy or update contact details at dtefrisco.com@gmail.com. Applicable electronic-delivery consent and consumer notices remain required by law.
